

Pharmacy Plan

This plan is designed to save you money on your prescription drug costs!

The APS 4-Tier Pharmacy Plan is recognized at most pharmacies in the United States.

This formulary has four tiers:

Preferred brand and generic drugs will be offered at \$10/\$20/\$40 tiers. Non-preferred medications will be discounted at negotiated price APS has contracted for you.

To get the most out of this program you should ask your doctor to prescribe a drug within the first three tiers, if possible. Oftentimes generics or less expensive brand name drugs within the same therapeutic class can be pre-scribed in place of an expensive brand name drug. Of course, if you choose the higher price brand name drug, we have negotiated a substantial discount for you.

Please review the entire Prescription Drug Plan book which comes in your packet. Feel free to contact our customer service center if you have additional questions.

Our knowledgeable Help Desk and Customer Service department ensures that all physician, member and pharmacy calls are responded to swiftly and accurately.

Our prompt Customer Service help desk is available toll free Mon-Fri 8 a.m. to 8 p.m. and Saturday 8 a.m. to 5 p.m.
